Registration: The Association is registered as an Industrial Union of Employers under the provisions of the Fair Work (Registered Organisations) Act 2009 ("RO").

**OPERATING REPORT  
FOR THE YEAR ENDED 31 DECEMBER 2020**

The Committee of Management presents its operating report on the Association for the financial year ended 31 December 2020.

**Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year**

The principal activity of the business is providing guidance, advice and support to our members. There has been no significant change in the nature of these activities during the year. The results of these activities include Industrial relations & human relations services and support activities for our members. A review of the results of these activities shows they have achieved the objectives of the Association. The Association changed its name from Australian Community Services Employers Association, Union of Employers to Community Management Solutions effective from 17 November 2020.

**Significant changes in financial affairs**

There were no significant changes in the financial affairs of the Association during 2020.

**Right of members to resign**

Members may resign from the Association in accordance with R.9 (s.254 (2) (c)).

**Officers or members who are superannuation fund trustee(s) or director of a company that is a superannuation fund trustee where being a member or officer of a registered organisation is a criterion for them holding such**

No officers or members are a superannuation fund trustee or director of a company that is a superannuation fund trustee.

**Number of members**

The number of members who, at the end of the reporting period, were recorded on the Register of Members of the Association was 462.

**Number of employees**

The number of full time equivalent employees as at 31 December 2020 was 6.59 employees (2019: 10.89).

**Names of Committee of Management members and period positions held during the financial year**

The persons who held office as members of the Committee of Management of the Association during the reporting period are:

Deborah Ponting	President
Jennifer O'Brien	Vice President
Kim Teague	Secretary
Lyanna George	Treasurer
Allan Fazldeen	Board member
Peter Hoens	Board member

Unless otherwise indicated each person held office for the full period of the financial year.

Signature of designated officer:

Name and title of designated officer: Deborah Ponting, President

Dated: 14 May 2021

**COMMITTEE OF MANAGEMENT STATEMENT  
FOR THE YEAR ENDED 31 DECEMBER 2020**

On the 14th May 2021 the Committee of Management of the above named Association passed the following resolution in relation to the general purpose financial report (GPFR) for the year ended 31 December 2020:

The Committee of Management declares that in its opinion:

- (a) the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the RO Act);
- (c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the Association for the financial year to which they relate;
- (d) there are reasonable grounds to believe that the Association will be able to pay its debts as and when they become due and payable; and
- (e) during the financial year to which the GPFR relates and since the end of that year:
  - (i) meetings of the committee of management were held in accordance with the rules of the organisation; and
  - (ii) the financial affairs of the Association have been managed in accordance with the rules of the organisation; and
  - (iii) the financial records of the Association have been kept and maintained in accordance with the RO Act; and
  - (iv) the organisation consists of only one reporting unit;
  - (v) no information has been sought in any request by a member of the Association or the Commissioner duly made under section 272 of the RO Act; and
  - (vi) no order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act.

This declaration is made in accordance with a resolution of the Committee of Management.

Signature of designated officer:

President- Deborah Ponting

Signature of designated officer:

Treasurer - Lyanna George

**REPORT REQUIRED UNDER SUBSECTION 255(2A)  
FOR THE YEAR ENDED 31 DECEMBER 2020**

The Committee of Management presents the expenditure report as required under subsection 255(2A) on the Association for the year ended 31 December 2020.

Note 18	Disclosure under Reporting Guidelines, Section 253

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020

**Note 1: Summary of significant accounting policies**

**1.1 Basis of preparation of financial statements**

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisation) Act 2009 (RO Act)*. For the purpose of preparing the general purpose financial statements Community Management Solutions (the Association) is a not-for-profit entity.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

**1.2 Comparative amounts**

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

**1.3 Significant accounting judgements and estimates**

No accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

**1.4 New Australian Accounting Standards**

***Adoption of New Australian Accounting Standards and amendments***

No accounting standard has been adopted earlier than the application date stated in the standard. The accounting policies adopted are consistent with those of the previous financial year except for the following standard and amendments which have been adopted for the first time this financial year.

***AASB 2018-7 Amendments to Australian Accounting Standards – Definition of Material***

***Impact on adoption of AASB 2018-7 Amendments to Australian Accounting Standards - Definition of Material***

The amendments provide a new definition of material that states, “information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity.” The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

These amendments had no impact on the financial statements of the Association, nor is there expected to be any future impact to the Association.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020

**Note 1: Summary of significant accounting policies (continued)**

**1.4 New Australian Accounting Standards (continued)**

***Future Australian Accounting Standard Requirements***

New standards, amendments to standards or interpretations that were issued prior to the sign-off date and are applicable to future reporting periods that are expected to have a potential future financial impact on the Association include:

***AASB 2020-1 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current***

This Standard amends AASB 101 *Presentation of Financial Statements* to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current. For example, the amendments clarify that a liability is classified as non-current if an entity has the right at the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting period. This Standard applies to annual reporting periods beginning on or after 1 January 2023. Earlier application is permitted. The Association does not expect the adoption of this amendment to have a material impact on its financial statements.

**1.5 Current vs non-current classification**

The Association presents assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is current when it is:

- expected to be realised or intended to be sold or consumed in the normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realised within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in the normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Association classifies all other liabilities as non-current.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 1: Summary of significant accounting policies (continued)**

**1.6 Revenue**

The Association enters into various arrangements where it receives consideration from another party. These arrangements include consideration in the form of membership subscriptions, grants and donations.

The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

**Revenue from contracts with customers**

Where the Association has a contract with a customer, the Association recognises revenue when or as it transfers control of goods or services to the customer. The Association accounts for an arrangement as a contract with a customer if the following criteria are met:

- the arrangement is enforceable; and
- the arrangement contains promises (that are also known as performance obligations) to transfer goods or services to the customer (or to other parties on behalf of the customer) that are sufficiently specific so that it can be determined whether the performance obligation has been satisfied.

**Membership revenue**

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the Association.

If there is only one distinct membership service promised in the arrangement, the Association recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect the Association's promise to stand ready to provide assistance and support to the member as required.

For member subscriptions paid annually in advance, the Association has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the customer pays and the good or services will transfer to the customer will be one year or less. The annual membership revenue is recognised on a straight line basis over the year consistent with the delivery of services rendered to members. Members who do not renew their membership are removed from the Association's member register.

When a member subsequently purchases additional goods or services from the Association at their standalone selling price, the Association accounts for those sales as a separate contract with a customer.

**Income of the Association as a not-for-profit entity**

Consideration is received by the Association to enable the entity to further its objectives. The Association recognises each of these amounts of consideration as income when the consideration is received (which is when the Association obtains control of the cash), because based on the rights and obligations in each arrangement:

- the arrangements do not meet the criteria to be contracts with customers because either the arrangement is unenforceable or lacks sufficiently specific promises to transfer goods or services to the customer; and
- the Association's recognition of the cash contribution does not give to any related liabilities.

During the year, the Association received cash consideration from government grants whereby that consideration will be recognised as income upon receipt.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020

**Note 1: Summary of significant accounting policies (continued)**

**1.6 Revenue (continued)**

***Interest revenue***

Interest revenue is recognised on an accrual basis using the effective interest method.

***Dividend revenue***

Dividend revenue is recognised when the Association has established that it has a right to receive a dividend.

***Service revenue***

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

***Rental income***

Leases in which the Association as a lessor, does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the relevant lease term.

***Gains on disposal of financial assets***

Gains from the disposal of financial assets is recognised as other income in the period in which the financial asset is disposed of.

Sales made on credit are included in "Trade Debtors" and are recorded at the balance due less any provision for impairment for amounts estimated to be un-collectable. Trade debtor amounts are due within 30 days of invoice.

The organisation by its nature and location has a concentration of credit risk in that all of its trade debtors are due from customers in Queensland who operate in the education and child care industry.

**Gains**

***Sale of assets***

Gains and losses from disposal of assets are recognised when control of the asset has passed to the buyer.

**Capitation fees**

Where the Association's arrangement with a branch or another reporting unit meets the criteria to be a contract with a customer, the Association recognises the capitation fees promised under that arrangement when or as it transfers.

In circumstances where the criteria for a contract with a customer are not met, the Association will recognise capitation fees as income upon receipt.

**Levies**

Levies paid by a member (or other party) in an arrangement that meets the criteria to be a contract with a customer is recognised as revenue when or as the Association transfers the goods or services that will transfer as part of its sufficiently specific promise to the branch/other reporting unit.

In circumstances where the criteria for a contract with a customer are not met, the Association will recognise levies as income upon receipt.

All revenue is stated net of the amount of goods and services tax (GST).

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 1: Summary of significant accounting policies (continued)**

**1.7 Employee benefits**

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 *Employee Benefits*) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the Association in respect of services provided by employees up to reporting date.

**1.8 Leases**

The Association assesses at contract inception whether a contract is, or contains a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

**Right of use assets**

The Association recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows

	<b>2020</b>	<b>2019</b>
Plant and equipment	5 years	5 years

The right of use asset is also subject to impairment.

For leases of low-value assets the Association has applied the optional exemptions to not recognise right-of-use assets but to account for the lease expense on a straight line basis over the remaining lease term.

**Lease liabilities**

At the commencement date of the lease, the Association recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the Association uses the incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

**Short-term leases and leases of low-value assets**

The Association's short-term leases are those that have a lease term of 12 months or less from the commencement. It also applies the lease of low-value assets recognition exemption to leases of assets that are below \$5,000. Lease payments on short-term leases and leases of low-value assets are recognised on a straight-line basis over the lease term.

**1.9 Borrowing costs**

All borrowing costs are recognised in profit and loss in the period in which they are incurred.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020

**Note 1: Summary of significant accounting policies (continued)**

**1.10 Cash**

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

**1.11 Financial instruments**

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the instrument.

**1.12 Financial assets**

***Initial Recognition and Measurement***

Financial assets are classified, at initial recognition, and subsequently measured at amortised cost, fair value through other comprehensive income (OCI), or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Association's business model for managing them. With the exception of trade receivables that do not contain a significant financing component, the Association initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest' (SPPI) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Association's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e. the date that the Association commits to purchase or sell the asset.

**Subsequent measurement**

For purposes of subsequent measurement, financial assets are classified in five categories:

- (other) financial assets at amortised cost
- (other) financial assets at fair value through other comprehensive income
- Investments in equity instruments designated at fair value through other comprehensive income
- (other) financial assets at fair value through profit or loss
- (other) financial assets designated at fair value through profit or loss

***Financial assets at Amortised Cost***

The Association measures financial assets at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020

**Note 1: Summary of significant accounting policies (continued)**

**1.12 Financial assets (continued)**

***Financial assets at Amortised Cost (continued)***

The Association's financial assets at amortised cost includes trade receivables.

***Financial assets at fair value through profit or loss (including designated)***

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value.

Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

***Derecognition***

A financial asset is derecognised when:

- the rights to receive cash flows from the asset have expired or
- the Association has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
  - a) the Association has transferred substantially all the risk and rewards of the asset, or
  - b) the Association has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Association has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Association continues to recognise the transferred asset to the extent of its continuing involvement together with associated liability.

***Offsetting***

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

***Impairment***

***(i) Trade receivables***

For trade receivables that do not have a significant financing component, the Association applies a simplified approach in calculating expected credit losses (ECLs) which requires lifetime expected credit losses to be recognised from initial recognition of the receivables.

Therefore, the Association does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Association has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020

**Note 1: Summary of significant accounting policies (continued)**

**1.12 Financial assets (continued)**

***Impairment (continued)***

**(i) Trade receivables (continued)**

Trade receivables and other receivables are non-interest bearing and receipt is normally on 30 - 60 days terms. Therefore, the carrying value of trade receivables and other receivables approximates its fair value.

**(ii) Debt instruments other than trade receivables**

For all debt instruments other than trade receivables and debt instruments not held at fair value through profit or loss, the Association recognises an allowance for expected credit losses using the general approach. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Association expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognised in two stages:

- Where there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses from possible default events within the next 12-months (a 12-month ECL).
- Where there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the debt, irrespective of the timing of the default (a lifetime ECL).

The Association considers a financial asset in default when contractual payments are 30 to 60 days past due. However, in certain cases, the Association may also consider a financial asset to be in default when internal or external information indicates that the Association is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

**1.13 Financial Liabilities**

***Initial recognition and measurement***

Financial liabilities are classified, at initial recognition, at amortised cost unless at fair value through profit or loss.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The Association's financial liabilities include trade and other payables.

***Subsequent measurement***

***Financial liabilities at fair value through profit or loss***

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Gains or losses on liabilities held for trading are recognised in profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in AASB 9 are satisfied.

***Financial liabilities at amortised cost***

After initial recognition, trade payables and interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 1: Summary of significant accounting policies (continued)**

**1.13 Financial Liabilities (continued)**

***Derecognition***

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

**1.14 Contingent Liabilities and Contingent Assets**

Contingent liabilities and contingent assets are not recognised in the Statement of Financial Position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

**1.15 Land, Buildings, Plant and Equipment**

***Asset Recognition Threshold***

Purchases of land, buildings, plant and equipment are recognised initially at cost in the Statement of Financial Position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

***Revaluations—Land and Buildings***

Following initial recognition at cost, land and buildings are carried at fair value less subsequent accumulated depreciation and accumulated impairment losses. Revaluations are performed with sufficient frequency such that the carrying amount of assets do not differ materially from those that would be determined using fair values as at the reporting date.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reversed a previous revaluation decrement of the same asset class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the profit or loss except to the extent that they reverse a previous revaluation increment for that class. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued amount.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 1: Summary of significant accounting policies (continued)****1.15 Land, Buildings, Plant and Equipment (continued)*****Depreciation***

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using, in all cases, the straight line method of depreciation. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

<b>Class of assets</b>	<b>2020</b>	<b>2019</b>
Furniture and equipment	4 to 10 years	4 to 10 years
Computer equipment	3 years	1 to 4 years
Strata Title Office	10 to 40 years	10 to 40 years

***Derecognition***

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit and loss.

**1.16 Impairment of non-financial assets**

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated, and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the Association were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

**1.17 Non-current assets held for sale**

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the non-current asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs of disposal.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 1: Summary of significant accounting policies (continued)**

**1.18 Taxation**

The Association is exempt from income tax under section 50.1 of the Income Tax Assessment Act 1997 however still has obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of GST except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office; and
- for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the Australian Taxation Office is classified within operating cash flows.

**1.19 Fair value measurement**

The Association measures financial instruments, such as, financial assets as at fair value through the profit and loss, financial assets at fair value through other comprehensive income, and non-financial assets such as land and buildings, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are considered in Note 16(a).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Association. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Association uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Association determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 1: Summary of significant accounting policies (continued)****1.19 Fair value Measurement (continued)**

External valuers are involved for valuation of significant assets, such as land and buildings. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, the Association has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

**1.20 Finance costs**

All finance costs are recognised in the statement of comprehensive income in the period in which they are incurred.

**Note 2: Events after the reporting period**

There has not been any matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the Association, the results of those operations, or the state of affairs of the Association in subsequent financial periods.

Other services performed by the auditors is the preparation and lodgement of the Annual Fringe Benefits Tax return.

**Note 15: Financial instruments**

**Financial risk management**

The Association's financial instruments consist of deposits with banks, accounts receivables and payable, external borrowings and investments in shares in companies listed on the Australian Stock Exchange.

The Association does not have any derivative instruments at 31 December 2020.

**Significant accounting policies**

Details of significant accounting policies and methods adopted, including the criteria for recognition, the basis for measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note 1 to the financial statements.

**Financial risk exposures and management**

The main risks the Association is exposed to through its financial assets and liabilities are interest rate risk, liquidity risk and credit risk. The Association's risk management program focuses on the unpredictability of the financial markets and seeks to minimise the potential adverse effects of the financial performance of the Association, by way of various measures detailed below. There have been no changes in the Financial Risk Management Strategies from 2019.

The Board of the Association analyses interest rate exposure and evaluates treasury management strategies in the context of the most recent economic conditions and forecasts.

Risk management is carried out by the board and key management personnel.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 15: Financial instruments (Continued)****15(d) Credit risk**

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Association. The Association does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics.

The carrying amount of financial assets recorded in the financial statements, net of any allowances for losses, represents the Association's maximum exposure to credit risk without taking account of the value of any collateral obtained.

**The following table illustrates the entity's gross exposure to credit risk, excluding any collateral or credit enhancements.**

	<b>2020</b>	<b>2019</b>
	<b>\$</b>	<b>\$</b>
<b>Financial assets</b>		
Trade and other receivables	58,620	55,889
<b>Total</b>	<u>58,620</u>	<u>55,889</u>

**Collateral held as security**

No collateral is held as security for any of the trade and other receivables balance.

Set out below is the information about the credit risk exposure on financial assets using a provision matrix:

**31 December 2020**

	<b>Trade and other receivables</b>				<b>Total</b>
	<b>Days past due</b>				
	<b>Current</b>	<b>&lt;30 days</b>	<b>30 - 60 days</b>	<b>61 - 90 days</b>	
	<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>
Expected credit loss rate	0%	0%	0%	0%	
Estimate total gross carrying amount at default	37,555	7,616	1,675	11,774	58,620
Expected credit loss	-	-	-	-	-

**31 December 2019**

	<b>Trade and other receivables</b>				<b>Total</b>
	<b>Days past due</b>				
	<b>Current</b>	<b>&lt;30 days</b>	<b>30 - 60 days</b>	<b>61 - 90 days</b>	
	<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>	<b>\$</b>
Expected credit loss rate	0%	0%	0%	0%	
Estimate total gross carrying amount at default	48,030	6,158	1,702	-	55,889
Expected credit loss	-	-	-	-	-

The Association's maximum exposure to credit risk for the components of the statement of financial position at 31 December 2020 and 2019 is the carrying amounts as illustrated in Note 16(d).

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 15: Financial instruments (Continued)**  
**15(e) Liquidity risk**

The Association manages liquidity risk by monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities and ensuring that adequate funds are maintained.

Trade payables are short-term in nature.

The Association is not exposed to any significant liquidity risk.

The table below analyses the Association's trade and other payables and borrowings into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash-flows.

**Contractual maturities for financial liabilities- As at 31 December 2020**

	On demand	<1 year	1-2 years	2-5 years	>5 years	Total
	\$	\$	\$	\$	\$	\$

Plant & equipment	-	14,554	15,286	32,110	8,479	70,429

NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020

**Note 15: Financial instruments (Continued)**

**15(f) Market risk**

***Interest rate risk***

The Association is exposed to interest rate risk through its variable rate borrowings and through its cash and cash equivalents.

***Cash flow sensitivity analysis for variable rate instruments***

The Committee of Management have considered the impact of the disclosure requirements of AASB 7 “Financial Instruments Disclosures”, most specifically paragraphs 40 – 41 and does not consider that these disclosures are necessary given the impact of any variations in the interest rates and the required disclosure thereof is not considered material.

***Price risk***

The Association is not exposed to any material commodity price risk.

***Foreign currency risk***

The Association does not have any exposures to foreign currencies at the reporting date.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 15: Financial instruments (Continued)**

**15(g) Capital risk management**

The Association manages its capital to ensure that it will be able to continue as a going concern and maximise the return to the Association to enable it to provide its ongoing services to its members. The maximisation of the return is achieved through the optimisation of its financial assets, debt and equity.

The capital structure consists of cash and cash equivalents, investments in companies listed on the Australian Stock Exchange and accumulated surplus. The Association's board reviews the composition of the capital structure on a regular basis to ensure that an optimal return is generated.

This strategy remains unchanged from 31 December 2019.

**Note 16: Fair value measurement**

**16(a) Financial assets and liabilities**

Management of the reporting unit assessed that cash, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- Fair values of the Association's interest-bearing borrowings and loans are determined by using a discounted cash flow method. The discount rate used reflects the issuer's borrowing rate as at the end of the reporting period. The own performance risk as at 31 December 2020 was assessed to be insignificant.
- Fair value of available-for-sale financial assets is derived from quoted market prices in active markets.
- Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the Association based on parameters such as interest rates and individual credit worthiness of the customer. Based on this evaluation, allowances are taken into account for the expected losses of these receivables. As at 31 December 2020 the carrying amounts of such receivables, net of allowances, were not materially different from their calculated fair values.

The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the Statement of Financial Position and in the notes to the financial statements.

All fair value measurements have been categorised as Level 1 in the fair value hierarchy.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2020**

**Note 17: Section 272 Fair Work (Registered Organisations) Act 2009**

In accordance with the requirements of the *Fair Work (Registered Organisations) Act 2009*, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or Commissioner:

- 1) A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- 2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- 3) A reporting unit must comply with an application made under subsection (1)

**Note 18: Disclosure under Reporting Guidelines, Section 253**

The Organisation declares that the following activities did not occur during the reporting period ending 31 December 2020:

The reporting unit did not:

- agree to receive financial support from another reporting unit to continue as a going concern
- agree to provide financial support to another reporting unit to ensure they continue as a going concern
- acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of an organisation, a determination or revocation by the General Manager, Fair Work Commission
- transfer to or withdraw from a fund (other than general fund), account, asset or controlled entity
- provide cash flows to another reporting unit and/or controlled entity
- receive cash flows from another reporting unit and/or controlled entity
- have another entity administer the financial affairs of the reporting unit
- make a payment to a former related party of the reporting unit

## Independent Auditor's Report

### To the Members of Community Management Solutions

#### Opinion

We have audited the financial report of Community Management Solutions (the 'Association'), which comprises the statement of financial position as at 31 December 2020, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, the Committee of Management Statement, and the subsection 255(2A) report.

In our opinion, the accompanying financial report gives a true and fair view of the financial position of the Association as at 31 December 2020, and of its financial performance and its cash flows for the year ended on that date in accordance with:

- (a) The Australian Accounting Standards; and
- (b) any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the RO Act).

#### Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other Information

The Committee are responsible for the other information. The other information comprises the information contained in the Association's Operating Report for the year ended 31 December 2020 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

*Liability limited by a scheme approved under Professional Standards Legislation.*

*The title 'Partner' conveys that the person is a senior member within their respective division and is among the group of persons who hold an equity interest (shareholder) in its parent entity, Findex Group Limited. The only professional service offering which is conducted by a partnership is the Crowe Australasia external audit division. All other professional services offered by Findex Group Limited are conducted by a privately-owned organisation and/or its subsidiaries.*

*Findex (Aust) Pty Ltd, trading as Crowe Australasia is a member of Crowe Global, a Swiss verein. Each member firm of Crowe Global is a separate and independent legal entity. Findex (Aust) Pty Ltd and its affiliates are not responsible or liable for any acts or omissions of Crowe Global or any other member of Crowe Global. Crowe Global does not render any professional services and does not have an ownership or partnership interest in Findex (Aust) Pty Ltd. Services are provided by Crowe Audit Australia, an affiliate of Findex (Aust) Pty Ltd.*

© 2021 Findex (Aust) Pty Ltd

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **Responsibilities of the Committee for the Financial Report**

The Committee of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the reporting requirements of *Fair Work (Registered Organisations) Act 2009* and for such internal control as the Committee determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee are responsible for assessing the ability of the Association to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

### **Auditor's Responsibilities for the Audit of the Financial Report**

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of the Committee use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

We declare that the signing partner, Wicus Wessels is:

- a) an approved auditor;
- b) a member of the Institute of Chartered Accountants in Australia;
- c) holds a current public practice certificate.
