Vision

Vision

To provide personalised assistance and practical advice on a range of management issues faced by boards and committees of community organisations

Our Purpose

We understand that most community groups are run by volunteers, who are often challenged by the demands of operating their community-based business including employing and managing staff.

We support community groups employers to ensure that they do the right thing and that their organisations are run well, by using our professional expertise to provide personalise knowledge and support

Our Strategic Pillars

I. Trusted Partner

We are the trusted partner of community group employers, providing accurate and practical expertise and advice.

II. Expert Knowledge

We are renowned for providing accurate, timely and relevant knowledge to support our Members

III. Personalised Service

We support our members with valued services, advice and guidance that meets the needs of busy volunteers

IV. Strong Association

We are a strong, ethical organisation that is modernising and adapting to stay ahead of the field.

Your trusted partner, providing the safety net in the tough times and peace of mind at all times.

President's and Treasurer's Report

The Board thanks Neale, Cath, Craig and our talented staff for their continued dedication in a challenging year. We would also like to thank our members for their support and continuing membership. As trusted partners in business with our members, we continue to investigate new ways to reach out and support, particularly through social media. CMSolutions continues to advocate for members in the areas of Early Education, Child Care, Parents and Citizens Associations, Community Organisation and Disability Services.

Our staff provided information support on Government stimulus packages and related staff matters to our members. Facebook live Q&A sessions on JobKeeper helped our members navigate the complexity of some of the government rules. In addition, bulletins, and fact sheets to inform and guide members were made available. Over 50 special bulletins were prepared and 17 Live Q&A sessions and webinars in addition to managing the normal member services, newsletters, webinars, support on governance and financial matters, and fielding member inquiries. This year saw further growth in payroll, bookkeeping and audit services provided to members and more than \$4 million of JobKeeper claims were lodged on behalf of members.

COVID-19 has changed the working landscape for many organisations. Some of our members have fared well and others faced many hardships. The changes in our economy and the demands of balancing working from home and in the office, will continue to present challenges for CMSolutions and its members. At the Annual General Meeting, members approved a name change and some rule changes for the organisation. These changes were approved by the Fair Work Commission in November 2020. The Board undertook a restructure of the management structure at the close of 2020 and continue to manage the governance of CMSolutions. Our committed team members have continued to grow the organisation.

I would like to extend my thanks to my fellow Board members for their ongoing commitment to CMSolutions.

CEO/Managers Report

2020 was a very productive year for all of us at CMSolutions.

Negotiating and providing support and guidance for our members through the challenging times of COVID19 was a major priority for us in assisting to keep our members safe and informed.

To facilitate and meet this challenge our dedicated team responded to a large number of concerns and inquiries.

We also provided over twenty Live Facebook sessions discussions and providing guidance on topics such as JobKeeper and the associated impacts for organisations due to the pandemic.

Our members took full advantage of these sessions which were extremely well attended and the feedback that we received was excellent.

In addition, we facilitated webinars on Performance Management and Workplace Bullying which were sought after topics as a result of direct feedback from our members.

During this time of course we continued with our core business offering our valued members with our large range of services from HR/IR matters, Financial Audits, Financial Health Checks, Work Health and Safety Audits, Industrial Relations/Human Resource Audits, Payroll, Bookkeeping and Recruitment Service.

We are constantly seeking feedback from our clients through our newsletters and surveys and responding to any suggestions, ideas and feedback.

As part of our dedication to our members we are continuing to look at our full suite of services in response to our members needs and expectations.

Moving forward we are constantly striving to self-improve, to be pro-active, to consolidate our current services and look at new ways that we can assist our members.

The Team will continue to provide five-star customer service to our members, and this can only be achieved by constantly striving to evolve and improve.

We would sincerely like to thank all our dedicated staff who work tirelessly throughout the year to support our members.

Our Board once again has been completely supportive and with us on this journey providing advice, guidance, and expertise and for that we are greatly appreciative.

Board of Management 2020

Deborah Ponting –President

Deborah Ponting joined the Community Management Solutions Board in 1991 and has served as President since 2015. Deborah had previously served as President between 2003 and 2008 and Vice President between 2008 and 2015. With extensive experience as a Secondary School teacher and librarian, she was also a sessional lecturer at Queensland University of Technology. In 2019 Deborah was appointed to the marketing committee of NGS Super. Deborah's associations with kindergartens and childcare, including Linfield, Vice-president of Beenleigh Family Day Care, and life membership of Bethlehem Lutheran Kindergarten. Deborah holds Bachelor of Arts, Bachelor of Educational Studies and Post Graduate Diploma of Education degrees from the University of Queensland and a Master of Information Management degree from Queensland University of Technology. Deborah is also an Associate Member of ALIA and an Associate Fellow of the Higher Education Academy.

Jennifer O'Brien – Vice President

Jenny O'Brien has been a Board member since 2007 and was appointed Treasurer in 2008. In 2018 Jenny was appointed Vice President. Jenny has previously been a Board Member of Lifeline Brisbane. Jenny was employed as a Senior Manager in the accounting and advisory firm, KPMG. She was with KPMG for more than 24 years. Jenny brings a wealth of accounting experience to the Board, but also has experience serving on a C&K Kindy Committee for three years and a School Age Child Care Service Committee. Jenny graduated with a Bachelor of Commerce from James Cook University in Townsville and is a Chartered Accountant.

Kim Teague –Secretary

Kim Teague has been on the board for 7 years. He became a Board Member when involved in his daughter's kindergarten (more than 20 years ago) and has remained involved with ACSEA (Community Management Solutions) at the Board level for many years since then and is a Life Member of ACSEA (Community Management Solutions). Kim has a Bachelor of Law from QUT and has been practising law for 30 years.

Lyanna George – Treasurer

Lyanna George has been an Associate Board member since 2016 and was appointed Treasurer in 2018. Lyanna is employed as a portfolio administrator in the DNR Capital firm since February 2016. Lyanna graduated with a Bachelor of Arts (Pure Mathematics) from the University of Sydney and also holds Masters degrees in Applied Science (Macquarie University) and Business (Queensland University of Technology).

Allan Fazldeen - Board Member

Allan has been on the Board since 1973, when he played a major role in establishing the organisation. Having been heavily involved for so long, he has a deep understanding of the needs of members of CMSolutions members. He holds qualifications and experience in Accountancy, Management, Company Secretary, Financial Planning, Superannuation advice and Trusteeship. He is a Fellow of the Australian Society of CPAs, a Fellow of the Australian Institute of Management, and a life member of Early Childhood Australia. Allan was employed as the Executive Officer of the C&K Association for over 30 years until his retirement in 2000 and has experience on kindergarten and P&C committees. Allan is passionate about CMSolutions because he believes that Community Services have, and will continue to have, an important role to play in the life of many Australians.

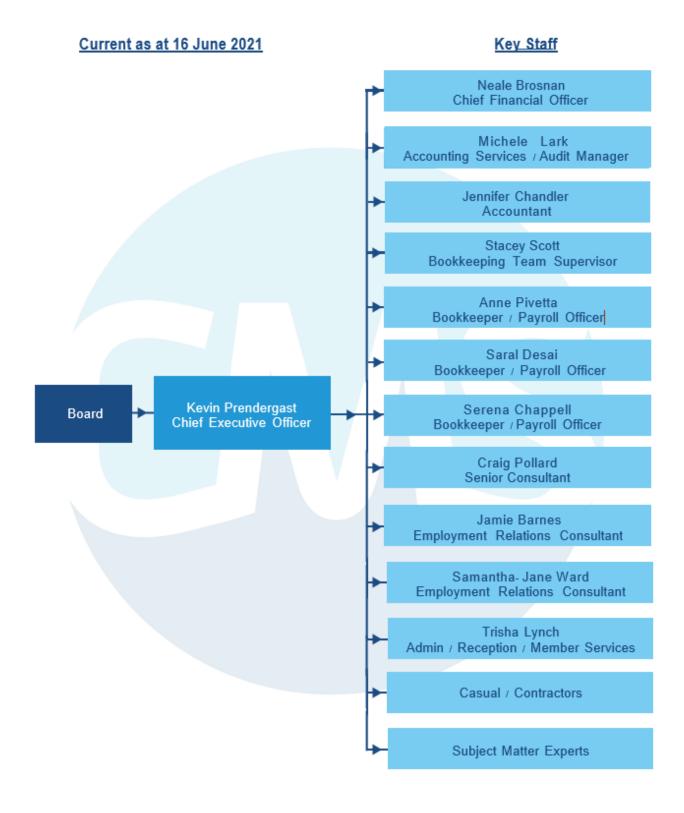

Peter Hoens – Board Member

Peter Hoens joined the Community Management Solutions Board as an ex-officio member in 2017 and was elected to the board in 2018. Peter was a Secondary School English teacher for 16 years and taught in Government, Catholic and Independent sectors. He sat on the management committee of ETAQ (English Teachers Association Queensland) in 2003 and 2011 and between 2004 and 2010 he was Secretary of ETAQ's Townsville Branch. Peter graduated from the University of Queensland in 2002 with a dual Bachelor degree of Arts and Education and with a Masters of Education Studies, specialising in Leadership, in 2015. In 2020 he Graduated from Griffith University with a Graduate Certificate of Human Resource Management.

Chris Hutton – Board Consultant

Chris Hutton joined the board as an ex-officio member in 2019 and is a senior Investment Adviser and Partner at Wilsons Advisory and Stockbroking. Chris has been with Wilsons for 14 years, and brings a wealth of experience in financial markets, superannuation and more broadly, client engagement and service. Chris completed a Bachelor of Psychology in 2002 and a Masters of Applied Finance in 2006 from Queensland University of Technology.

CMSolutions Organisation Chart

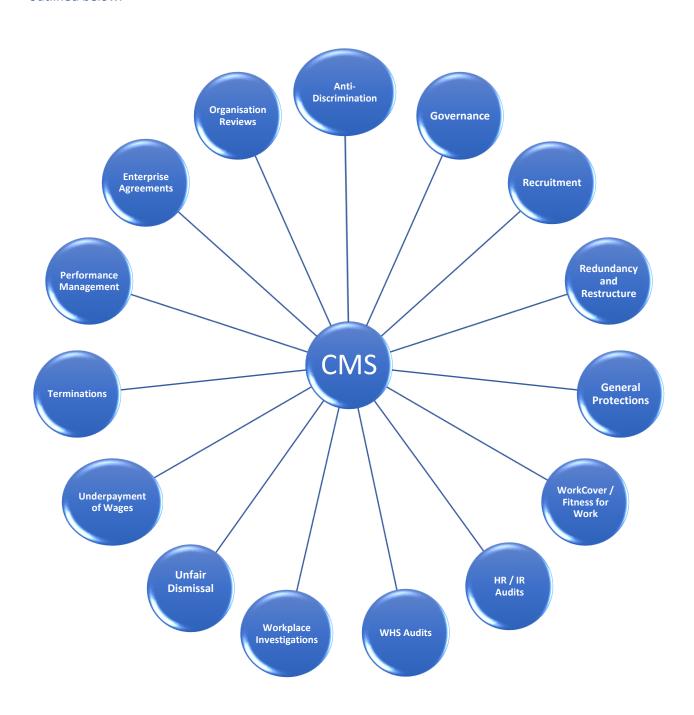

Services – Human Resources | Industrial Relations | Work Health & Safety | Training

The Human Resources and Industrial Relations team have provided substantial assistance and advice to our members and we have also represented members on human resources management and industrial relations issues. We also continued to deliver in-house training and various site visits throughout 2020.

The team has handled substantially more enquiries than previous years due to the Pandemic.

CMSolutions HR/IR Team have represented and assisted members in significant matters during 2020 as outlined below.

Services Financial – Audits | Bookkeeping | Payroll

The Financial Services team have provided substantial assistance and performed some comprehensive work for our members.

CMSolutions Financial Services team provide the following services to our members in 2020.

OPERATING REPORT FOR THE YEAR ENDED 31 DECEMBER 2020

The Committee of Management presents its operating report on the Association for the financial year ended 31 December 2020.

Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

The principal activity of the business is providing guidance, advice and support to our members. There has been no significant change in the nature of these activities during the year. The results of these activities include Industrial relations & human relations services and support activities for our members. A review of the results of these activities shows they have achieved the objectives of the Association. The Association changed its name from Australian Community Services Employers Association, Union of Employers to Community Management Solutions effective from 17 November 2020.

Significant changes in financial affairs

There were no significant changes in the financial affairs of the Association during 2020.

COMMITTEE OF MANAGEMENT STATEMENT FOR THE YEAR ENDED 31 DECEMBER 2020

On the 14th May 2021 the Committee of Management of the above named Association passed the following resolution in relation to the general purpose financial report (GPFR) for the year ended 31 December 2020:

The Committee of Management declares that in its opinion:

- (a) the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act);
- the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the Association for the financial year to which they relate;
- (d) there are reasonable grounds to believe that the Association will be able to pay its debts as and when they become due and payable; and
- (e) during the financial year to which the GPFR relates and since the end of that year:
 - (i) meetings of the committee of management were held in accordance with the rules of the organisation; and
 - (ii) the financial affairs of the Association have been managed in accordance with the rules of the organisation; and
 - (iii) the financial records of the Association have been kept and maintained in accordance with the RO Act; and
 - (iv) the organisation consists of only one reporting unit;
 - (v) no information has been sought in any request by a member of the Association or the Commissioner duly made under section 272 of the RO Act; and
 - (vi) no order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act.

& Elonling & Brussever

This declaration is made in accordance with a resolution of the Committee of Management.

Note 18	Disclosure under Reporting Guidelines, Section 253

Note 1: Summary of significant accounting policies

1.1 Basis of preparation of financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisation) Act 2009 (RO Act)*. For the purpose of preparing the general purpose financial statements Community Management Solutions (the Association) is a not-for-profit entity.

The financial statements have been prepared on an accrual basis and in accordance with the historical cost, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

1.2 Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

1.3 Significant accounting judgements and estimates

No accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

1.4 New Australian Accounting Standards

Adoption of New Australian Accounting Standards and amendments

No accounting standard has been adopted earlier than the application date stated in the standard. The accounting policies adopted are consistent with those of the previous financial year except for the following standard and amendments which have been adopted for the first time this financial year.

AASB 2018-7 Amendments to Australian Accounting Standards – Definition of Material

Impact on adoption of AASB 2018-7 Amendments to Australian Accounting Standards - Definition of Material

The amendments provide a new definition of material that states, "information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements, which provide financial information about a specific reporting entity." The amendments clarify that materiality will depend on the nature or magnitude of information, either individually or in combination with other information, in the context of the financial statements. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users.

These amendments had no impact on the financial statements of the Association, nor is there expected to be any future impact to the Association.

Note 1: Summary of significant accounting policies (continued)

1.4 New Australian Accounting Standards (continued)

Future Australian Accounting Standard Requirements

New standards, amendments to standards or interpretations that were issued prior to the sign-off date and are applicable to future reporting periods that are expected to have a potential future financial impact on the Association include:

AASB 2020-1 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current

This Standard amends AASB 101 *Presentation of Financial Statements* to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current. For example, the amendments clarify that a liability is classified as non-current if an entity has the right at the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting period. This Standard applies to annual reporting periods beginning on or after 1 January 2023. Earlier application is permitted. The Association does not expect the adoption of this amendment to have a material impact on its financial statements.

1.5 Current vs non-current classification

The Association presents assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is current when it is:

- expected to be realised or intended to be sold or consumed in the normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realised within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability it current when:

- it is expected to be settled in the normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting period; or
- there is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Association classifies all other liabilities as non-current.

Note 1: Summary of significant accounting policies (continued)

1.6 Revenue

The Association enters into various arrangements where it receives consideration from another party. These arrangements include consideration in the form of membership subscriptions, grants and donations.

The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

Revenue from contracts with customers

Where the Association has a contract with a customer, the Association recognises revenue when or as it transfers control of goods or services to the customer. The Association accounts for an arrangement as a contract with a customer if the following criteria are met:

- the arrangement is enforceable; and
- the arrangement contains promises (that are also known as performance obligations) to transfer goods or services to the customer (or to other parties on behalf of the customer) that are sufficiently specific so that it can be determined whether the performance obligation has been satisfied.

Membership revenue

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the Association.

If there is only one distinct membership service promised in the arrangement, the Association recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect the Association's promise to stand ready to provide assistance and support to the member as required.

For member subscriptions paid annually in advance, the Association has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the customer pays and the good or services will transfer to the customer will be one year or less. The annual membership revenue is recognised on a straight line basis over the year consistent with the delivery of services rendered to members. Members who do not renew their membership are removed from the Association's member register.

When a member subsequently purchases additional goods or services from the Association at their standalone selling price, the Association accounts for those sales as a separate contract with a customer.

Income of the Association as a not-for-profit entity

Consideration is received by the Association to enable the entity to further its objectives. The Association recognises each of these amounts of consideration as income when the consideration is received (which is when the Association obtains control of the cash), because based on the rights and obligations in each arrangement:

- the arrangements do not meet the criteria to be contracts with customers because either the arrangement is unenforceable or lacks sufficiently specific promises to transfer goods or services to the customer; and
- the Association's recognition of the cash contribution does not give to any related liabilities. During the year, the Association received cash consideration from government grants whereby that consideration will be recognised as income upon receipt.

NOTES TO THE FINANCIAL STATEMENTS

Note 1: Summary of significant accounting policies (continued)

1.6 Revenue (continued)

Interest revenue

Interest revenue is recognised on an accrual basis using the effective interest method.

Dividend revenue

Dividend revenue is recognised when the Association has established that it has a right to receive a dividend.

Service revenue

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

Rental income

Leases in which the Association as a lessor, does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the relevant lease term.

Gains on disposal of financial assets

Gains from the disposal of financial assets is recognised as other income in the period in which the financial asset is disposed of.

Sales made on credit are included in "Trade Debtors" and are recorded at the balance due less any provision for impairment for amounts estimated to be un-collectable. Trade debtor amounts are due within 30 days of invoice.

The organisation by its nature and location has a concentration of credit risk in that all of its trade debtors are due from customers in Queensland who operate in the education and child care industry.

Gains

Sale of assets

Gains and losses from disposal of assets are recognised when control of the asset has passed to the buyer.

Capitation fees

Where the Association's arrangement with a branch or another reporting unit meets the criteria to be a contract with a customer, the Association recognises the capitation fees promised under that arrangement when or as it transfers.

In circumstances where the criteria for a contract with a customer are not met, the Association will recognise capitation fees as income upon receipt.

Levies

Levies paid by a member (or other party) in an arrangement that meets the criteria to be a contract with a customer is recognised as revenue when or as the Association transfers the goods or services that will transfer as part of its sufficiently specific promise to the branch/other reporting unit.

In circumstances where the criteria for a contract with a customer are not met, the Association will recognise levies as income upon receipt.

All revenue is stated net of the amount of goods and services tax (GST).

Note 1: Summary of significant accounting policies (continued)

1.7 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits when it is probable that settlement will be required and they are capable of being measured reliably.

Liabilities for short-term employee benefits (as defined in AASB 119 *Employee Benefits*) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the Association in respect of services provided by employees up to reporting date.

1.8 Leases

The Association assesses at contract inception whether a contract is, or contains a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Right of use assets

The Association recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows

	2020	2019
Plant and equipment	5 years	5 years

The right of use asset is also subject to impairment.

For leases of low-value assets the Association has applied the optional exemptions to not recognise right-ofuse assets but to account for the lease expense on a straight line basis over the remaining lease term.

Lease liabilities

At the commencement date of the lease, the Association recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees.

In calculating the present value of lease payments, the Association uses the incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments or a change in the assessment of an option to purchase the underlying asset.

Short-term leases and leases of low-value assets

The Association's short-term leases are those that have a lease term of 12 months or less from the commencement. It also applies the lease of low-value assets recognition expemption to leases of assets that are below \$5,000. Lease payments on short-term leases and leases of low-value assets are recognised on a straight-line basis over the lease term.

1.9 Borrowing costs

All borrowing costs are recognised in profit and loss in the period in which they are incurred.

Note 1: Summary of significant accounting policies (continued)

1.10 Cash

Cash is recognised at its nominal amount. Cash and cash equivalents includes cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

1.11 Financial instruments

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the instrument.

1.12 Financial assets

Initial Recognition and Measurement

Financial assets are classified, at initial recognition, and subsequently measured at amortised cost, fair value through other comprehensive income (OCI), or fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Association's business model for managing them. With the exception of trade receivables that do not contain a significant financing component, the Association initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortised cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest' (SPPI) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Association's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Purchases or sales of financial assets that require delivery of assets within a time frame established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e.. the date that the Association commits to purchase or sell the asset.

Subsequent measurement

For purposes of subsequent measurement, financial assets are classified in five categories:

- (other) financial assets at amortised cost
- (other) financial assets at fair value through other comprehensive income
- Investments in equity instruments designated at fair value through other comprehensive income
- (other) financial assets at fair value through profit or loss
- (other) financial assets designated at fair value through profit or loss

Financial assets at Amortised Cost

The Association measures financial assets at amortised cost if both of the following conditions are met:

- the financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets at amortised cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

Note 1: Summary of significant accounting policies (continued)

1.12 Financial assets (continued)

Financial assets at Amortised Cost (continued)

The Association's financial assets at amortised cost includes trade receivables.

Financial assets at fair value through profit or loss (including designated)

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value.

Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

Derecognition

A financial asset is derecognised when:

- the rights to receive cash flows from the asset have expired or
- the Association has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either
 - a) the Association has transferred substantially all the risk and rewards of the asset, or
- b) the Association has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Association has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership.

When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Association continues to recognise the transferred asset to the extent of its continuing involvement together with associated liability.

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

Impairment

(i) Trade receivables

For trade receivables that do not have a significant financing component, the Association applies a simplified approach in calculating expected credit losses (ECLs) which requires lifetime expected credit losses to be recognised from initial recognition of the receivables.

Therefore, the Association does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Association has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Note 1: Summary of significant accounting policies (continued)

1.12 Financial assets (continued)

Impairment (continued)

(i) Trade receivables (continued)

Trade receivables and other receivables are non-interest bearing and receipt is normally on 30 - 60 days terms. Therefore, the carrying value of trade receivables and other receivables approximates its fair value.

(ii) Debt instruments other than trade receivables

For all debt instruments other than trade receivables and debt instruments not held at fair value through profit or loss, the Association recognises an allowance for expected credit losses using the general approach. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Association expects to receive, discounted at an approximation of the original effective interest rate.

ECLs are recognised in two stages:

- Where there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses from possible default events within the next 12-months (a 12-month ECL).
- Where there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the debt, irrespective of the timing of the default (a lifetime ECL).

The Association considers a financial asset in default when contractual payments are 30 to 60 days past due. However, in certain cases, the Association may also consider a financial asset to be in default when internal or external information indicates that the Association is unlikely to receive the outstanding contractual amounts in full. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

1.13 Financial Liabilities

Initial recognition and measurement

Financial liabilities are classified, at initial recognition, at amortised cost unless at fair value through profit or loss.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

The Association's financial liabilities include trade and other payables.

Subsequent measurement

Financial liabilities at fair value through profit or loss

Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Gains or losses on liabilities held for trading are recognised in profit or loss.

Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in AASB 9 are satisfied.

Financial liabilities at amortised cost

After initial recognition, trade payables and interest-bearing loans and borrowings are subsequently measured at amortised cost using the effective interest (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

Note 1: Summary of significant accounting policies (continued)

1.13 Financial Liabilities (continued)

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

1.14 Contingent Liabilities and Contingent Assets

Contingent liabilities and contingent assets are not recognised in the Statement of Financial Position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

1.15 Land, Buildings, Plant and Equipment

Asset Recognition Threshold

Purchases of land, buildings, plant and equipment are recognised initially at cost in the Statement of Financial Position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

Revaluations—Land and Buildings

Following initial recognition at cost, land and buildings are carried at fair value less subsequent accumulated depreciation and accumulated impairment losses. Revaluations are performed with sufficient frequency such that the carrying amount of assets do not differ materially from those that would be determined using fair values as at the reporting date.

Revaluation adjustments are made on a class basis. Any revaluation increment is credited to equity under the heading of asset revaluation reserve except to the extent that it reversed a previous revaluation decrement of the same asset class that was previously recognised in the surplus/deficit. Revaluation decrements for a class of assets are recognised directly in the profit or loss except to the extent that they reverse a previous revaluation increment for that class. Any accumulated depreciation as at the revaluation date is eliminated against the gross carrying amount of the asset and the asset is restated to the revalued amount.

Note 1: Summary of significant accounting policies (continued)

1.15 Land, Buildings, Plant and Equipment (continued)

Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using, in all cases, the straight line method of depreciation. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

Class of assets	2020	2019
Furniture and equipment	4 to 10 years	4 to 10 years
Computer equipment	3 years	1 to 4 years
Strata Title Office	10 to 40 years	10 to 40 years

Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit and loss.

1.16 Impairment of non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated, and an impairment adjustment made if the asset's recoverable amount is less than its carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the Association were deprived of the asset, its value in use is taken to be its depreciated replacement cost.

1.17 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the non-current asset is available for immediate sale in its present condition.

Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs of disposal.

Note 1: Summary of significant accounting policies (continued)

1.18 Taxation

The Association is exempt from income tax under section 50.1 of the Income Tax Assessment Act 1997 however still has obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of GST except:

- · where the amount of GST incurred is not recoverable from the Australian Taxation Office; and
- · for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the Australian Taxation Office is classified within operating cash flows.

1.19 Fair value measurement

The Association measures financial instruments, such as, financial assets as at fair value through the profit and loss, financial assets at fair value through other comprehensive income, and non-financial assets such as land and buildings, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are considered in Note 16(a).

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- · In the principal market for the asset or liability, or
- · In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Association. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Association uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- \cdot Level 1—Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- \cdot Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- · Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Association determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Note 1: Summary of significant accounting policies (continued)

1.19 Fair value Measurement (continued)

External valuers are involved for valuation of significant assets, such as land and buildings. Selection criteria include market knowledge, reputation, independence and whether professional standards are maintained. For the purpose of fair value disclosures, the Association has determined classes of assets and liabilities on the basis of the nature, characteristics and risks of the asset or liability and the level of the fair value hierarchy.

1.20 Finance costs

All finance costs are recognised in the statement of comprehensive income in the period in which they are incurred.

Note 2: Events after the reporting period

There has not been any matter or circumstance occurring subsequent to the end of the financial year that has significantly affected, or may significantly affect, the operations of the Association, the results of those operations, or the state of affairs of the Association in subsequent financial periods.

Note 12: Contingent liabilities, assets and commitments

12(a) Commitments and contingencies

Operating lease commitments- as lessee

The operating leases are for office related equipment including a photocopier, printers, phone messages service and postal franking machine with lease terms ranging from 2 to 5 years.

Future minimum rentals payable under non-cancellable operating leases as at 31 December are:

- within one year	26,789	24,866
- After one year but not more than five years	54,574	72,591
	81,363	97,457

Other contingent assets or liabilities

There are no contingent assets or contingent liabilities at the date of this report.

Other services performed by the auditors is the preparation and lodgement of the Annual Fringe Benefits Tax return.

Note 15: Financial instruments

Financial risk management

The Association's financial instruments consist of deposits with banks, accounts receivables and payable, external borrowings and investments in shares in companies listed on the Australian Stock Exchange.

The Association does not have any derivative instruments at 31 December 2020.

Significant accounting policies

Details of significant accounting policies and methods adopted, including the criteria for recognition, the basis for measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note 1 to the financial statements.

Financial risk exposures and management

The main risks the Association is exposed to through its financial assets and liabilities are interest rate risk, liquidity risk and credit risk. The Association's risk management program focuses on the unpredictability of the financial markets and seeks to minimise the potential adverse effects of the financial performance of the Association, by way of various measures detailed below. There have been no changes in the Financial Risk Management Strategies from 2019.

The Board of the Association analyses interest rate exposure and evaluates treasury management strategies in the context of the most recent economic conditions and forecasts.

Risk management is carried out by the board and key management personnel.

	Net gain/(loss) from financial liabilities	9,997	12,795

Note 15: Financial instruments (Continued)

15(d) Credit risk

Credit risk refers to the risk that counterparty will default on its contractual obligations resulting in financial loss to the Association. The Association does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics.

The carrying amount of financial assets recorded in the financial statements, net of any allowances for losses, represents the Association's maximum exposure to credit risk without taking account of the value of any collateral obtained.

The following table illustrates the entity's gross exposure to credit risk, excluding any collateral or credit enhancements.

	2020 \$	2019 \$
Financial assets		
Trade and other receivables	58,620	55,889
Total	58,620	55,889

Collateral held as security

No collateral is held as security for any of the trade and other receivables balance.

Set out below is the information about the credit risk exposure on financial assets using a provision matrix:

31 December 2020			other receivable	s	
	Current	<30 days	30 - 60 days	61 - 90 days	Total
Even at ad are dit loss rate	\$	\$	\$	\$	\$
Expected credit loss rate	0%	0%	0%	0%	
Estimate total gross carrying amount at default	37,555	7,616	1,675	11,774	58,620
Expected credit loss	-	-	-	-	-
31 December 2019		Trade and	other receivable	s	
		Day	s past due		
	Current	<30 days	30 - 60 days	61 - 90 days	Total
	\$	\$	\$	\$	\$
Expected credit loss rate	0%	0%	0%	0%	
Estimate total gross carrying amount at default	48,030	6,158	1,702	-	55,889
Expected credit loss	-	-	-	-	-

The Association's maximum exposure to credit risk for the components of the statement of financial position at 31 December 2020 and 2019 is the carrying amounts as illustrated in Note 16(d).

Note 15: Financial instruments (Continued)

15(e) Liquidity risk

The Association manages liquidity risk by monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities and ensuring that adequate funds are maintained.

Trade payables are short-term in nature.

The Association is not exposed to any significant liquidity risk.

The table below analyses the Association's trade and other payables and borrowings into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash-flows.

Contractual maturities for financial liabilities- As at 31 December 2020

	On demand	<1 year	1-2 years	2-5 years	>5 years	Total
	\$	\$	\$	\$, \$	\$

	Plant & equipment		14,554	15,286	32,110	•	70,429

Note 15: Financial instruments (Continued)

15(f) Market risk

Interest rate risk

The Association is exposed to interest rate risk through its variable rate borrowings and through its cash and cash equivalents.

Cash flow sensitivity analysis for variable rate instruments

The Committee of Management have considered the impact of the disclosure requirements of AASB 7 "Financial Instruments Disclosures", most specifically paragraphs 40 – 41 and does not consider that these disclosures are necessary given the impact of any variations in the interest rates and the required disclosure thereof is not considered material.

Price risk

The Association is not exposed to any material commodity price risk.

Foreign currency risk

The Association does not have any exposures to foreign currencies at the reporting date.

Note 15: Financial instruments (Continued)

15(g) Capital risk management

The Association manages its capital to ensure that it will be able to continue as a going concern and maximise the return to the Association to enable it to provide its ongoing services to its members. The maximisation of the return is achieved through the optimisation of its financial assets, debt and equity.

The capital structure consists of cash and cash equivalents, investments in companies listed on the Australian Stock Exchange and accumulated surplus. The Association's board reviews the composition of the capital structure on a regular basis to ensure that an optimal return is generated.

This strategy remains unchanged from 31 December 2019.

Note 16: Fair value measurement

16(a) Financial assets and liabilities

Management of the reporting unit assessed that cash, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- · Fair values of the Association's interest-bearing borrowings and loans are determined by using a discounted cash flow method. The discount rate used reflects the issuer's borrowing rate as at the end of the reporting period. The own performance risk as at 31 December 2020 was assessed to be insignificant.
- · Fair value of available-for-sale financial assets is derived from quoted market prices in active markets.
- · Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the Association based on parameters such as interest rates and individual credit worthiness of the customer. Based on this evaluation, allowances are taken into account for the expected losses of these receivables. As at 31 December 2020 the carrying amounts of such receivables, net of allowances, were not materially different from their calculated fair values.

The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the Statement of Financial Position and in the notes to the financial statements.

All fair value measurements have been categorised as Level 1 in the fair value hierarchy.

Note 17: Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the Fair Work (Registered Organisations) Act 2009, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or Commissioner:

- A member of a reporting unit, or the Commissioner, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.
- 2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.
- 3) A reporting unit must comply with an application made under subsection (1)

Note 18: Disclosure under Reporting Guidelines, Section 253

The Organisation declares that the following activities did not occur during the reporting period ending 31 December 2020:

The reporting unit did not:

- agree to receive financial support from another reporting unit to continue as a going concern
- agree to provide financial support to another reporting unit to ensure they continue as a going concern
- -acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of an organisation, a determination or revocation by the General Manager, Fair Work Commission
- transfer to or withdraw from a fund (other than general fund), account, asset or controlled entity
- provide cash flows to another reporting unit and/or controlled entity
- receive cash flows from another reporting unit and/or controlled entity
- -have another entity administer the financial affairs of the reporting unit
- make a payment to a former related party of the reporting unit

Independent Auditor's Report

To the Members of Community Management Solutions

Opinion

We have audited the financial report of Community Management Solutions (the 'Association'), which comprises the statement of financial position as at 31 December 2020, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies, the Committee of Management Statement, and the subsection 255(2A) report.

In our opinion, the accompanying financial report gives a true and fair view of the financial position of the Association as at 31 December 2020, and of its financial performance and its cash flows for the year ended on that date in accordance with:

- (a) The Australian Accounting Standards; and
- (b) any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the Fair Work (Registered Organisations) Act 2009 (the RO Act).

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Report section of our report. We are independent of the Association in accordance with the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Committee are responsible for the other information. The other information comprises the information contained in the Association's Operating Report for the year ended 31 December 2020 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon.

Liability limited by a scheme approved under Professional Standards Legislation.

The title 'Partner' conveys that the person is a senior member within their respective division and is among the group of persons who hold an equity interest (shareholder) in its parent entity, Findex Group Limited. The only professional service offering which is conducted by a partnership is the Crowe Australasia external audit division. All other professional services offered by Findex Group Limited are conducted by a privately-owned organisation and/or its subsidiaries.

Findex (Aust) Pty Ltd, trading as Crowe Australasia is a member of Crowe Global, a Swiss verein. Each member firm of Crowe Global is a separate and independent legal entity. Findex (Aust) Pty Ltd and its affiliates are not responsible or liable for any acts or omissions of Crowe Global or any other member of Crowe Global. Crowe Global does not render any professional services and does not have an ownership or partnership interest in Findex (Aust) Pty Ltd. Services are provided by Crowe Audit Australia, an affiliate of Findex (Aust) Pty Ltd.

In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Committee for the Financial Report

The Committee of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the reporting requirements of Fair Work (Registered Organisations) Act 2009 and for such internal control as the Committee determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the Committee are responsible for assessing the ability of the Association to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Committee either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are
 appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of
 the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Committee.
- Conclude on the appropriateness of the Committee use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.

• Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

We declare that the signing partner, Wicus Wessels is:

- a) an approved auditor;
- b) a member of the Institute of Chartered Accountants in Australia;
- c) holds a current public practice certificate.
