Vision

Vision

To provide personalised assistance and practical advice on a range of management issues faced by boards and committees of community organisations.

Our Purpose

We understand that most community groups are run by volunteers, who are often challenged by the demands of operating their community-based business including employing and managing staff.

We support community groups employers to ensure that they do the right thing and that their organisations are run well, by using our professional expertise to provide personalised knowledge and support.

Our Strategic Pillars

I. Trusted Partner

We are the trusted partner of community group employers, providing accurate and practical expertise and advice.

II. Expert Knowledge

We are renowned for providing accurate, timely and relevant knowledge to support our Members.

III. Personalised Service

We support our members with valued services, advice and guidance that meets the needs of busy volunteers.

IV. Strong Association

We are a strong, ethical organisation that is modernising and adapting to stay ahead of the field.

Your trusted partner, providing the safety net in the tough times and peace of mind at all times.

President's and Treasurer's Report

Community Management Solutions welcomed Peter Hoens as our new CEO. We farewelled Kevin Prendergast and Craig Pollard and thank them for their considerable contributions to our organisation and the service they gave to our members.

As part of our continuous improvement strategy, we continue to consult with our members in these difficult and challenging economic times. The general feedback and testimonials that we have received from our members was very encouraging.

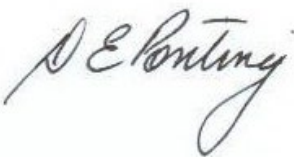

Regular newsletters are succinct and targeted, and videos and YouTube are being used to deliver information in a timely manner. The staff continued to be only a phone call or email away to answer all the routine and very complex inquiries from our members on all human resource, industrial relations and safety inquiries.

We represented our members in numerous conciliation conferences responding on behalf of our members to unfair dismissals, discrimination, and adverse action claims and achieved some wonderful results for our members.

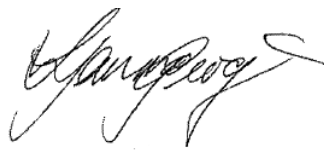

The finance team continue to provide extensive services to our members which include complex audits and reporting for our members and general payroll and bookkeeping services.

The HR team also support members in HR investigations, recruitment, performance management, health and safety audits, assistance with return-to-work inquiries and assistance with all general HR inquiries. A full HR service was introduced this year to those members who required additional support

We would like to thank Peter and the team for their tireless efforts and continued dedication to our members.

Deborah Ponting
President

Lyanna George
Treasurer

CEO Report

In 2025, Community Management Solutions continued to support volunteer management committees of community-based organisations through the provision of tailored Human Resources, Work Health and Safety (WHS), and Financial Services

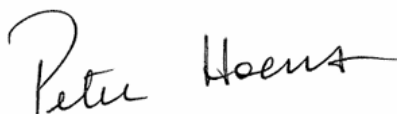

Our members represented sectors including P&C Associations, kindergartens, childcare and family day care providers, community organisations, disability services, and social enterprises. These organisations range from volunteer-only operations through to employers with up to 99 staff.

Throughout the year, we provided advice and support across a broad range of matters relating to human resources, industrial relations, workplace health and safety, finance, payroll, bookkeeping, audits, and general business operations. Our team responded to a significant number of enquiries and worked closely with members to navigate increasingly complex compliance, staffing, and operational challenges.

Through practical advice, responsive service delivery, and sector-specific expertise, we supported organisations to strengthen governance, improve compliance, resolve workplace issues, and operate with greater confidence and stability.

One area of challenge during the year was reduced engagement with our WHS services, particularly our WHS audit service. While members continue to recognise the importance of workplace health and safety, economic pressures and competing priorities have impacted uptake. In 2026, we will review our service offerings to ensure they continue to meet the practical needs of members.

As we move forward, we remain committed to strengthening our services and ensuring volunteer-led organisations have access to the expertise and support they need to continue making a positive contribution within their communities.

Peter Hoens
Chief Executive Officer

Community Management Solutions

Board of Management

Current as of June 2026

Deborah Ponting – President

Deborah Ponting joined the CMSolutions Board in 1991 and has served as President since 2015. Deborah had previously served as President between 2003 and 2008 and Vice President between 2008 and 2015. In 2019 Deborah was appointed to the marketing committee of NGS Super, and in 2022 a board member of NGS super. Community Management Solutions

OPERATING REPORT FOR THE YEAR ENDED 31 DECEMBER 2025

The Committee of Management presents its operating report on the Association for the year ended 31 December 2025.

Review of principal activities, the results of those activities and any significant changes in the nature of those activities during the year

The principal activity of the business is providing guidance, advice and support to our members. There has been no significant change in the nature of these activities during the year. The results of these activities include Industrial Relations & Human Relations services and support activities for our members. A review of the results of these activities shows they have achieved the objectives of the Association.

Significant changes in financial affairs

There were no significant changes in the financial affairs of the Association during 2025.

Right of members to resign

Members may resign from the Association in accordance with R.9 (s.254 (2) (c)).

Officers or members who are superannuation fund trustee(s) or director of a company that is a superannuation fund trustee where being a member or officer of a registered organisation is a criterion for them holding such position

One board member, Deborah Ponting, held the position of director of NGS Super, a superannuation entity since 1 January 2022.

Number of members

The number of members who, at the end of the reporting period, were recorded on the Register of Members of the Association was 283.

Number of employees

The number of full time equivalent employees as at 31 December 2025 was 6.89 employees (2024: 8.74).

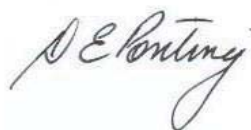

Names of Committee of Management members and period positions held during the financial year

The persons who held office as members of the Committee of Management of the Association during the reporting period are:

Deborah Ponting	President
Jennifer O'Brien	Vice President
Kim Teague	Secretary
Lyanna George	Treasurer
Georgina Peereboom	Board member
James Ponting	Board member
Peter Hoens	Board member (resigned 20 November 2025)
Chris Hutton	Board member (resigned 29 April 2025)
Christine Yates	Board member (resigned 13 June 2025)

Unless otherwise indicated each person held office for the full period of the financial year.

Signature of designated officer:

Name and title of designated officer: Deborah Ponting, President

**COMMITTEE OF MANAGEMENT STATEMENT
FOR THE YEAR ENDED 31 DECEMBER 2025**

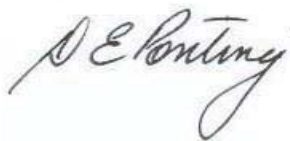

On the 14th May 2026 the Committee of Management of the above named Association passed the following resolution in relation to the general purpose financial report (GPFR) for the year ended 31 December 2025:

The Committee of Management declares that in its opinion:

- (a) the financial statements and notes comply with the Australian Accounting Standards;
- (b) the financial statements and notes comply with any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the RO Act);
- (c) the financial statements and notes give a true and fair view of the financial performance, financial position and cash flows of the Association for the financial year to which they relate;
- (d) there is the existence of a material uncertainty that may cast significant doubt on the Association's ability to continue as a going concern. Initiatives have been developed and commenced to improve the Association's ability to continue as a going concern (refer Note 1.18 Going Concern); and
- (e) during the financial year to which the GPFR relates and since the end of that year:
 - (i) meetings of the committee of management were held in accordance with the rules of the organisation; and
 - (ii) the financial affairs of the Association have been managed in accordance with the rules of the organisation; and
 - (iii) the financial records of the Association have been kept and maintained in accordance with the RO Act; and
 - (iv) the organisation consists of only one reporting unit;
 - (v) no information has been sought in any request by a member of the Association or the General Manager duly made under section 272 of the RO Act; and
 - (vi) no order for inspection of financial records has been made by the Fair Work Commission under section 273 of the RO Act.

This declaration is made in accordance with a resolution of the Committee of Management.

Note 15	Fair value measurements
Note 15(a)	Financial assets and liabilities
Note 16	Section 272 <i>Fair Work (Registered Organisations) Act 2009</i>

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies

1.1 Basis of preparation of the financial statements

The financial statements are general purpose financial statements and have been prepared in accordance with Australian Accounting Standards and Interpretations issued by the Australian Accounting Standards Board (AASB) that apply for the reporting period, and the *Fair Work (Registered Organisation) Act 2009 (RO Act)*. For the purpose of preparing the general purpose financial statements, Community Management Solutions (the Association) is a not-for-profit entity.

The financial statements, except for cash flow information, have been prepared using the accrual basis of accounting. The financial statements have been prepared on a historical cost basis, except for certain assets and liabilities measured at fair value, as explained in the accounting policies below. Historical cost is generally based on the fair values of the consideration given in exchange for assets. Except where stated, no allowance is made for the effect of changing prices on the results or the financial position. The financial statements are presented in Australian dollars.

1.2 Comparative amounts

When required by Accounting Standards, comparative figures have been adjusted to conform to changes in presentation for the current financial year.

1.3 Significant accounting judgements and estimates

No accounting assumptions or estimates have been identified that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

1.4 New Australian Accounting Standards

Adoption of New Australian Accounting Standards and amendments

No accounting standard has been adopted earlier than the application date stated in the standard.

The accounting policies adopted are consistent with those of the previous financial year except for the following accounting standard and amendments which have been adopted for the first time this financial year.

AASB 2020-1 Amendments to Australian Accounting Standards – Classification of Liabilities as Current or Non-current

This Standard amends *AASB 101* to clarify requirements for the presentation of liabilities in the statement of financial position as current or non-current. For example, the amendments clarify that a liability is classified as non-current if an entity has the right at the end of the reporting period to defer settlement of the liability for at least 12 months after the reporting period. The amendments to *AASB 101* specify the requirements for classifying liabilities as current or non-current. The amendments clarify what is meant by a right to defer settlement, that a right to defer must exist at the end of the reporting period, that classification is unaffected by the likelihood that an entity will exercise its deferral right, and that only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification. These amendments have not had a material impact on the Association. This Standard applies to annual reporting periods beginning on or after 1 January 2024.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.4 New Australian Accounting Standards (continued)

Future Australian Accounting Standard Requirements

There are no new standards, amendments to standards or interpretations that were issued prior to the sign-off date and are applicable to future reporting periods that are expected to have a material future financial impact on the Association.

1.5 Current versus non-current classification

In accordance with AASB101, The Association presents assets and liabilities in the statement of financial position based on current/non-current classification.

An asset is current when it is:

- expected to be realised or intended to be sold or consumed in the normal operating cycle;
- held primarily for the purpose of trading;
- expected to be realised within twelve months after the reporting period; or
- cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.

All other assets are classified as non-current.

A liability is current when:

- it is expected to be settled in the normal operating cycle;
- it is held primarily for the purpose of trading;
- it is due to be settled within twelve months after the reporting period; or
- there is no right at the end of the reporting period to defer the settlement of the liability for at least twelve months after the reporting period.

The terms of the liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

The Association classifies all other liabilities as non-current.

1.6 Revenue

The Association enters into various arrangements where it receives consideration from another party. These arrangements include consideration in the form of membership subscriptions, grants and donations.

The timing of recognition of these amounts as either revenue or income depends on the rights and obligations in those arrangements.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.6 Revenue (continued)

Revenue from contracts with customers

Where the Association has a contract with a customer, the Association recognises revenue when or as it transfers control of goods or services to the customer. The Association accounts for an arrangement as a contract with a customer if the following criteria are met:

- the arrangement is enforceable; and
- the arrangement contains promises (that are also known as performance obligations) to transfer goods or services to the customer (or to other parties on behalf of the customer) that are sufficiently specific so that it can be determined when the performance obligation has been satisfied.

Membership subscriptions

For membership subscription arrangements that meet the criteria to be contracts with customers, revenue is recognised when the promised goods or services transfer to the customer as a member of the Association.

If there is only one distinct membership service promised in the arrangement, the Association recognises revenue as the membership service is provided, which is typically based on the passage of time over the subscription period to reflect the Association's promise to stand ready to provide assistance and support to the member as required.

For member subscriptions paid annually in advance, the Association has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because the period from when the customer pays and the good or services will transfer to the customer will be one year or less. The Association has considered the impact of members where the goods or services transferred to the customer will be one year or greater. The Association has elected to apply the practical expedient to not adjust the transaction price for the effects of a significant financing component because it is not considered to have a material impact on the financial statements. The annual membership revenue is recognised on a straight line basis over the year consistent with the delivery of services rendered to members. Members who do not renew their membership are removed from the Association's member register.

When a member subsequently purchases additional goods or services from the Association at their standalone selling price, the Association accounts for those sales as a separate contract with a customer.

Income of the Association as a not-for-profit entity

Consideration is received by the Association to enable the entity to further its objectives. The Association recognises each of these amounts of consideration as income when the consideration is received (which is when the Association obtains control of the cash) because, based on the rights and obligations in each arrangement:

- the arrangements do not meet the criteria to be contracts with customers because either the arrangement is unenforceable or lacks sufficiently specific promises to transfer goods or services to the customer; and
- the Association's recognition of the cash contribution does not give rise to any related liabilities.

During the year, the Association did not receive cash consideration from government grants, or donations and voluntary contributions from members (including whip arounds).

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.6 Revenue (continued)

Interest revenue

Interest revenue is recognised on an accrual basis using the effective interest method.

Dividend revenue

Dividend revenue is recognised when the Association has established that it has a right to receive a dividend.

Service revenue

Revenue from the rendering of a service is recognised upon the delivery of the service to the customers.

Gains on disposal of financial assets

Gains from the disposal of financial assets is recognised as other income in the period in which the financial asset is disposed of.

Sales made on credit are included in "Trade Debtors" and are recorded at the balance due less any provision for impairment for amounts estimated to be un-collectable. Trade debtor amounts are due within 30 days of invoice.

The organisation by its nature and location has a concentration of credit risk in that all of its trade debtors are due from customers in Queensland who operate in the education and child care industry.

Gains

Sale of assets

An item of property, plant and equipment is derecognised upon disposal (which is at the date the recipient obtains control) or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of comprehensive income when the asset is derecognised.

Capitation fees

Where the Association's arrangement with a branch or another reporting unit meets the criteria to be a contract with a customer, the Association recognises the capitation fees promised under that arrangement when or as it transfers.

In circumstances where the criteria for a contract with a customer are not met, the Association will recognise capitation fees as income upon receipt.

Levies

Levies paid by a member (or other party) in an arrangement that meets the criteria to be a contract with a customer is recognised as revenue when or as the Association transfers the goods or services as part of its sufficiently specific promise.

In circumstances where the criteria for a contract with a customer are not met, the Association will recognise levies as income upon receipt.

All revenue is stated net of the amount of goods and services tax (GST).

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.7 Employee benefits

A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave, long service leave and termination benefits in the circumstances set up below.

Liabilities for short-term employee benefits (as defined in AASB 119 *Employee Benefits*) and termination benefits which are expected to be settled within twelve months of the end of reporting period are measured at their nominal amounts. The nominal amount is calculated with regard to the rates expected to be paid on settlement of the liability.

Other long-term employee benefits which are expected to be settled beyond twelve months are measured as the present value of the estimated future cash outflows to be made by the Association in respect of services provided by employees up to reporting date.

1.8 Leases

The Association assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

The Association as a lessee

The Association applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Association recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right of use assets

The Association recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

	2025	2024
Plant and equipment	4 years	4 years

The right of use assets are also subject to impairment.

For leases of low-value assets the Association has applied the optional exemptions to not recognise right-of-use assets but to account for the lease expense on a straight line basis over the remaining lease term.

Lease liabilities

At the commencement date of the lease, the Association recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Association and payments of penalties for terminating the lease if the lease term reflects the Association exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognised as expenses in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Association uses the incremental borrowing rate. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (eg changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.8 Leases

Short-term leases and leases of low-value assets

Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term. The Association's short-term leases are those that have a lease term of 12 months or less from the commencement. It also applies the lease of low-value assets recognition exemption to leases of assets that are below \$8,000.

1.9 Cash

Cash is recognised at its nominal amount. Cash and cash equivalents include cash on hand, deposits held at call with bank, other short-term highly liquid investments with original maturity of 3 months or less that are readily convertible to known amounts of cash and subject to insignificant risk of changes in value and bank overdrafts. Bank overdrafts are shown within short-term borrowings in current liabilities on the statement of financial position.

1.10 Financial instruments

Financial assets and financial liabilities are recognised when the Association becomes a party to the contractual provisions of the instrument.

Financial assets

Contract assets and receivables

A contract asset is recognised when the Association's right to consideration in exchange for goods or services that has transferred to the customer when that right is conditioned on the Association's future performance or some other condition. A receivable is recognised if an amount of consideration that is unconditional is due from the customer.

Initial Recognition and Measurement

The Association's financial assets include trade receivables.

The Association's financial assets are classified as financial assets subsequently measured at amortised cost because both of the following conditions are met:

- the financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are 'solely payments of principal and interest' on the principal amount outstanding.

The classification of financial assets is performed at an instrument level at initial recognition of the financial asset.

The Association initially measures a financial asset at its fair value plus transaction costs. However contract assets and trade receivables that do not contain a significant financing component are measured at the transaction price as determined in accordance with the revenue policy in note 1.6.

Subsequent measurement

Financial assets at amortised cost are subsequently measured using the effective interest rate (EIR) method and are subject to impairment. Gains and losses are recognised in profit or loss when the asset is derecognised, modified or impaired.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.10 Financial instruments (continued)

Financial assets at fair value through profit or loss (including designated)

Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value.

Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the statement of financial position at fair value with net changes in fair value recognised in profit or loss.

Derecognition

A financial asset is derecognised when the rights to receive cash flows from the asset have expired. For receivables and contract assets, the Association directly reduces the gross carrying amount of a receivable or contract asset when it has no reasonable expectations of recovering the receivable or contract asset in its entirety or a portion thereof.

Offsetting

Financial assets and financial liabilities are offset and the net amount is reported in the statement of financial position if the Association currently has a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the assets and settle the liabilities simultaneously.

Impairment

Expected credit losses (ECLs)

(i) Debt instruments other than trade receivables

The Association recognises an allowance for ECLs for all contract assets, receivables and any other financial assets measured at amortisation cost. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Association expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

(ii) Trade receivables and contract assets

For trade receivables that do not have a significant financing component, the Association applies a simplified approach in calculating ECLs.

Therefore, the Association does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Association has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

Trade receivables and other receivables are non-interest bearing and receipt is normally on 30 - 60 days terms. Therefore, the carrying value of trade receivables and other receivables approximates its fair value.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.10 Financial instruments (continued)

Financial Liabilities

Initial recognition, measurement and presentation

The Association's financial liabilities include trade and other payables.

Financial liabilities are classified, at initial recognition, at amortised cost unless at fair value through profit or loss.

All financial liabilities are recognised initially at fair value and, in the case of financial liabilities at amortised cost, net of directly attributable transaction costs.

Subsequent measurement

Financial liabilities at amortised cost

After initial recognition, trade payables are subsequently measured at amortised cost using the effective interest (EIR) method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in profit or loss.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in profit or loss.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.11 Liabilities relating to contracts with customers

Contract liabilities

A contract liability is recognised if a payment is received or a payment is due (whichever is earlier) from a customer before the Association transfers the related goods or services. Contract liabilities include deferred income. Contract liabilities are recognised as revenue when the Association performs under the contract (ie. transfers control of the related goods or services to the customer).

1.12 Contingent liabilities and contingent assets

Contingent liabilities and contingent assets are not recognised in the statement of financial position but are reported in the relevant notes. They may arise from uncertainty as to the existence of a liability or asset or represent an existing liability or asset in respect of which the amount cannot be reliably measured. Contingent assets are disclosed when settlement is probable but not virtually certain, and contingent liabilities are disclosed when settlement is greater than remote.

1.13 Land, Buildings, Plant and Equipment

Asset Recognition Threshold

Purchases of land, buildings, plant and equipment are recognised initially at cost in the Statement of Financial Position. The initial cost of an asset includes an estimate of the cost of dismantling and removing the item and restoring the site on which it is located.

Land and buildings

Land and buildings are measured at cost less accumulated depreciation and impairment losses.

Depreciation

Depreciable property, plant and equipment assets are written-off to their estimated residual values over their estimated useful life using, in all cases, the straight line method of depreciation. Depreciation rates (useful lives), residual values and methods are reviewed at each reporting date and necessary adjustments are recognised in the current, or current and future reporting periods, as appropriate.

Depreciation rates applying to each class of depreciable asset are based on the following useful lives:

Class of assets	2025	2024
Furniture and equipment	3 to 10 years	3 to 10 years
Computer equipment	3 years	3 years
Strata Title Office	5 to 40 years	5 to 40 years

Derecognition

An item of land, buildings, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in the profit and loss.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.14 Impairment of non-financial assets

All assets are assessed for impairment at the end of each reporting period to the extent that there is an impairment trigger. Where indications of impairment exist, the asset's recoverable amount is estimated, and an impairment adjustment made if the asset's recoverable amount is less than the carrying amount.

The recoverable amount of an asset is the higher of its fair value less costs of disposal and its value in use. Value in use is the present value of the future cash flows expected to be derived from the asset. Where the future economic benefit of an asset is not primarily dependent on the asset's ability to generate future cash flows, and the asset would be replaced if the Association were deprived of the asset, its recoverable amount is its fair value.

In other cases, for the purposes of determining recoverable amount, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash inflows from other assets or groups of assets (cash generating units). Non-financial assets that suffered impairment are reviewed for possible reversal of the impairment at each reporting date.

1.15 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the non-current asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification.

Non-current assets classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs of disposal.

1.16 Taxation

The Association is exempt from income tax under section 50.1 of the *Income Tax Assessment Act 1997* however still has obligation for Fringe Benefits Tax (FBT) and the Goods and Services Tax (GST).

Revenues, expenses and assets are recognised net of GST except:

- where the amount of GST incurred is not recoverable from the Australian Taxation Office; and
- for receivables and payables.

The net amount of GST recoverable from, or payable to, the taxation authority is included as part of receivables or payables.

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST component of cash flows arising from investing and financing activities which is recoverable from, or payable to, the Australian Taxation Office is classified within operating cash flows.

1.17 Fair value measurement

The Association measures financial instruments, such as, financial assets as at fair value through the profit and loss, financial assets at fair value through other comprehensive income, and non-financial assets such as land and buildings, at fair value at each balance sheet date. Also, fair values of financial instruments measured at amortised cost are considered in Note 15(a) Financial assets and liabilities.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.17 Fair value measurement (continued)

The principal or the most advantageous market must be accessible by the Association. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1—Quoted market prices in active markets for identical assets or liabilities
- Level 2—Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3—Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Association determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

External valuers are involved for valuation of significant assets, such as land and buildings.

1.18 Going Concern

The financial statements have been prepared on a going concern basis, which contemplates the continuity of normal business operations and the realisation of assets and settlement of liabilities in the ordinary course of business.

For the year ended 31 December 2025, the Association recorded a deficit of \$289,360 (2024: deficit of \$74,560) and net operating cash outflows of \$217,710 (2024: net operating cash inflows of \$3,065). At 31 December 2025, the Association had net current liabilities of \$29,524 (2024: net current assets of \$235,007) and accumulated funds of \$434,376 (2024: \$723,736). Membership numbers also declined during the financial year from 312 members at 31 December 2024 to 283 members at 31 December 2025.

Management's cash flow forecasts for the 12-month period from the date these financial statements are authorised for issue indicate that, without the successful implementation of the measures described below, the Association's available cash reserves are projected to reduce to critically low levels during the second half of 2026.

These conditions indicate the existence of a material uncertainty that may cast significant doubt on the Association's ability to continue as a going concern.

In response, the Committee of Management has developed and commenced implementing a number of initiatives to improve the Association's financial position and liquidity, including:

- reducing staffing and operating costs
- continuing member retention and recruitment initiatives;
- ongoing monitoring of cash flow forecasts and working capital requirements; and
- progressing the proposed sale and leaseback of the Association's strata title office unit located at Unit 5, 321 Kelvin Grove Road, Kelvin Grove QLD 4059.

Subsequent to the reporting date, the Committee of Management resolved to proceed with the sale of the property by auction. The Association has engaged McGees Property as selling agent and Kelly Lawyers to provide legal support through the sale process. An indicative market assessment prepared by McGees Property dated 13 March 2026 provided an indicative market value range of \$1,300,000 to \$1,600,000. The carrying value of the property at 31 December 2025 was \$450,759.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 1: Material accounting policies (continued)

1.18 Going Concern (continued)

If completed at or near the indicative market value range, the proposed transaction is expected to materially strengthen the Association's liquidity position and support ongoing operations. The Association intends to enter into a leaseback arrangement with the purchaser to ensure continued occupancy of its registered office following settlement. As at the date these financial statements were authorised for issue, the property had not been formally listed for sale, no contract of sale had been executed, and no binding leaseback agreement had been entered into.

The Committee of Management has reviewed cash flow forecasts prepared for a period of at least 12 months from the date of signing these financial statements and believes that the Association will be able to continue to realise its assets and discharge its liabilities in the ordinary course of business.

Accordingly, the financial statements have been prepared on a going concern basis. However, the successful implementation of the initiatives described above, particularly the completion of the proposed property sale within an appropriate timeframe and at a sufficient value, cannot presently be assured. Accordingly, a material uncertainty exists that may cast significant doubt on the Association's ability to continue as a going concern.

The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that may be necessary should the Association be unable to continue as a going concern.

Note 2: Events After the Reporting Period

Proposed Sale and Leaseback of Strata Title Office Unit

Subsequent to the reporting date, the Committee of Management resolved to proceed with the sale by auction of the Association's strata title office unit located at Unit 5, 321 Kelvin Grove Road, Kelvin Grove QLD 4059.

The Association has engaged McGees Property as selling agent and Kelly Lawyers to provide legal support through the proposed sale process. An indicative market assessment prepared by McGees Property dated 13 March 2026 provided an indicative market value range of \$1,300,000 to \$1,600,000. The carrying value of the property at 31 December 2025 was \$450,759.

The Association intends to enter into a leaseback arrangement with the purchaser following settlement to ensure continued operational occupancy of the premises. As at the date these financial statements were authorised for issue, the property had not been formally listed for sale, no contract of sale had been executed, and the leaseback arrangements had not been finalised.

As the proposed transaction had not progressed to a binding agreement as at 31 December 2025, no adjustment has been recognised in the financial statements in relation to the proposed sale and leaseback arrangement.

The proposed transaction forms part of management's plans to address the material uncertainty related to going concern. Refer to Note 1.18 for further details.

Note 14: Financial instruments

Financial risk management

The Association's financial instruments consist of deposits with banks, accounts receivables and payable and investments in shares in companies listed on the Australian Stock Exchange.

The Association does not have any derivative instruments at 31 December 2025.

Material accounting policies

Details of material accounting policies and methods adopted, including the criteria for recognition, the basis for measurement and the basis on which income and expenses are recognised, in respect of each class of financial asset, financial liability and equity instrument are disclosed in Note 1 to the financial statements.

Financial risk exposures and management

The main risks the Association is exposed to through its financial assets and liabilities are interest rate risk, liquidity risk and credit risk. The Association's risk management program focuses on the unpredictability of the financial markets and seeks to minimise the potential adverse effects of the financial performance of the Association, by way of various measures detailed below. There have been no changes in the Financial Risk Management Strategies from 2024.

The Board of the Association analyses interest rate exposure and evaluates treasury management strategies in the context of the most recent economic conditions and forecasts.

Risk management is carried out by the board and key management personnel.

At amortised cost		
Interest expense	1,558	2,042
Net gain/(loss) from financial liabilities	1,558	2,042

All investments held are level one investments (quoted securities).
The fair value is measured through the quoted price of the investment in the active market.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 14: Financial instruments (Continued)

14(d) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Association does not have any significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics.

The carrying amount of financial assets recorded in the financial statements, net of any allowances for losses, represents the Association's maximum exposure to credit risk without taking account of the value of any collateral obtained.

The following table illustrates the entity's gross exposure to credit risk, excluding any collateral or credit enhancements.

	2025	2024
	\$	\$
Financial assets		
Trade and other receivables	22,545	68,393
Total	22,545	68,393
Financial liabilities		
Trade and other payables	601,902	600,804
Total	601,902	600,804

Collateral held as security

No collateral is held as security for any of the trade and other receivables balance.

Set out below is the information about the credit risk exposure on financial assets using a provision matrix:

31 December 2025

	Trade and other receivables				Total
	Days past due				
	Current	<30 days	30 - 60 days	61 - 90 days	
	\$	\$	\$	\$	\$
Expected credit loss rate	0%	0%	0%	0%	
Estimate total gross carrying amount at default	12,481	9,421	-	643	22,545
Expected credit loss	-	-	-	-	-
	12,481	9,421	-	643	22,545

31 December 2024

	Trade and other receivables				Total
	Days past due				
	Current	<30 days	30 - 60 days	61 - 90 days	
	\$	\$	\$	\$	\$
Expected credit loss rate	0%	0%	0%	0%	
Estimate total gross carrying amount at default	66,003	1,616	4,268	1,506	73,393
Expected credit loss	(1,174)	-	(3,826)	-	(5,000)
	64,829	1,616	442	1,506	68,393

The Association's maximum exposure to credit risk for the components of the statement of financial position at 31 December 2025 and 2024 is the carrying amounts as illustrated above.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 14: Financial instruments (Continued)

14(e) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

The Association manages liquidity risk by monitoring forecast and actual cash flows and matching the maturity profiles of financial assets and liabilities and ensuring that adequate funds are maintained.

Trade payables are short-term in nature.

The Association acknowledges the current liquidity risk. Refer to Note 1.18 Going Concern for initiatives that have been developed and commenced by the Committee of Management to improve the Association's financial position and liquidity.

The table below analyses the Association's trade and other payables into relevant maturity groupings based on the remaining period at the reporting date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash-flows.

Contractual maturities for financial liabilities- As at 31 December 2025

	On demand	<1 year	1-2 years	2-5 years	>5 years	Total

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 14: Financial instruments (Continued)

14(f) Market risk

Interest rate risk

Interest rate risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

The Association is exposed to interest rate risk through its cash and cash equivalents.

Cash flow sensitivity analysis for variable rate instruments

The Committee of Management have considered the impact of the disclosure requirements of AASB 7 "Financial Instruments Disclosures", most specifically paragraphs 40 – 41 and does not consider that these disclosures are necessary given the impact of any variations in the interest rates and the required disclosure thereof is not considered material.

Price risk

The Association is not exposed to any material commodity price risk.

Foreign currency risk

The Association does not have any exposures to foreign currencies at the reporting date.

14(g) Capital risk management

The Association manages its capital to maximise the return to the Association to enable it to provide its ongoing services to its members. The maximisation of the return is achieved through the optimisation of its financial assets, debt and equity. Management's cash flow forecasts for the 12-month period from the date these financial statements are authorised for issue indicate that, without the successful implementation of certain measures identified in Note 1.18 Going Concern, the Association's available cash reserves are projected to reduce to critically low levels during the second half of 2026. These conditions indicate the existence of a material uncertainty that may cast significant doubt on the Association's ability to continue as a going concern. Refer to Note 1.18 Going Concern for initiatives developed and commenced by the Committee of management to improve the financial position. The measures taken is a change in strategy from 31 December 2024.

At the date these financial statements are authorised, the capital structure consists of cash and cash equivalents, investments in a company listed on the Australian Stock Exchange and accumulated surplus. The Association's board reviews the composition of the capital structure on a regular basis to ensure that an optimal return is generated.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER 2025**

Note 15: Fair value measurements

15(a) Financial assets and liabilities

Management of the Association assessed that cash, trade receivables, trade payables, and other current liabilities approximate their carrying amounts largely due to the short term maturities of these instruments.

The fair value of financial assets and liabilities is included at the amount which the instrument could be exchanged in a current transaction between willing parties. The following methods and assumptions were used to estimate the fair values:

- Fair value of available-for-sale financial assets is derived from quoted market prices in active markets.

- Long-term fixed-rate and variable-rate receivables/borrowings are evaluated by the Association based on parameters such as interest rates and individual credit worthiness of the customer. Based on this evaluation, allowances are taken into account for the expected losses of these receivables. As at 31 December 2025 the carrying amounts of such receivables, net of allowances, were not materially different from their calculated fair values.

The aggregate net fair values and carrying amounts of financial assets and financial liabilities are disclosed in the Statement of Financial Position and in the notes to the financial statements.

All fair value measurements have been categorised as Level 1 in the fair value hierarchy.

Note 16: Section 272 Fair Work (Registered Organisations) Act 2009

In accordance with the requirements of the *Fair Work (Registered Organisations) Act 2009*, the attention of members is drawn to the provisions of subsections (1) to (3) of section 272, which reads as follows:

Information to be provided to members or the General Manager:

- 1) A member of a reporting unit, or the General Manager, may apply to the reporting unit for specified prescribed information in relation to the reporting unit to be made available to the person making the application.

- 2) The application must be in writing and must specify the period within which, and the manner in which, the information is to be made available. The period must not be less than 14 days after the application is given to the reporting unit.

- 3) A reporting unit must comply with an application made under subsection (1)

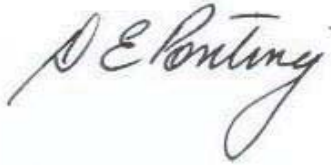

OFFICER DECLARATION STATEMENT

I, Deborah Ponting, being the President of the Association, declare that the following activities did not occur during the reporting period ending 31 December 2025:

The Association did not:

- agree to receive financial support from another reporting unit to continue as a going concern
- agree to provide financial support to another reporting unit to ensure they continue as a going concern
- acquire an asset or liability due to an amalgamation under Part 2 of Chapter 3 of the RO Act, a restructure of the branches of an organisation, a determination or revocation by the General Manager, Fair Work Commission
- provide cash flows to another reporting unit and/or controlled entity
- receive cash flows from another reporting unit and/or controlled entity
- have another entity administer the financial affairs of the reporting unit
- make a payment to a former related party of the reporting unit

Signed:

Name of officer: Deborah Ponting

Title of officer: President

Dated: 14.5.26

Independent Auditor's Report

To the Members of Community Management Solutions

Opinion

We have audited the financial report of Community Management Solutions (the Association), which comprises the statement of financial position as at 31 December 2025, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information, Committee of Management Statement, Officer Declaration Statement and the subsection 255(2A) report.

In our opinion, the accompanying financial report represents fairly, in all material aspects, the financial position of Community Management Solutions as at 31 December 2025, and its financial performance and its cash flows for the year ended on that date in accordance with:

- (a) the Australian Accounting Standards; and
- (b) any other requirements imposed by the Reporting Guidelines or Part 3 of Chapter 8 of the *Fair Work (Registered Organisations) Act 2009* (the RO Act).

Basis for Opinion

We conducted our audit in accordance with Australian Auditing Standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of our report. We are independent of the Association in accordance with the ethical requirements of the Accounting Professional & Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants (including Independence Standards)* (the Code) that are relevant to our audit of the financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material Uncertainty Related to Going Concern

We draw attention to Note 1.18 in the financial statements, which indicates that for the year ended 31 December 2025 the Association recorded a net deficit of \$289,360 (2024: \$74,560) and net cash outflows from operating activities of \$217,710 (2024: net cash inflows of \$3,065). At 31 December 2025, the Association had net current liabilities of \$29,524 (2024: net current assets of \$235,007) and accumulated funds of \$434,376 (2024: \$723,736). Membership numbers also declined during the year from 312 to 283 members. Management's cash flow forecasts indicate that, without the successful implementation of certain measures, the Association's available cash reserves are projected to reduce to critically low levels during the second half of 2026.

Liability limited by a scheme approved under Professional Standards Legislation.

The title 'Partner' conveys that the person is a senior member within their respective division and is among the group of persons who hold an equity interest (shareholder) in its parent entity, Findex Group Limited. The only professional service offering which is conducted by a partnership is external audit, conducted via the Crowe Australasia external audit division and Unison SMSF Audit. All other professional services offered by Findex Group Limited are conducted by a privately owned organisation and/or its subsidiaries.

Findex (Aust) Pty Ltd, trading as Crowe Australasia is a member of Crowe Global, a Swiss Verein. Each member firm of Crowe Global is a separate and independent legal entity. Findex (Aust) Pty Ltd and its affiliates are not responsible or liable for any acts or omissions of Crowe Global or any other member of Crowe Global. Crowe Global does not render any professional services and does not have an ownership or partnership interest in Findex (Aust) Pty Ltd. Services are provided by Crowe Audit Australia, an affiliate of Findex (Aust) Pty Ltd.

As disclosed in Note 1.18 and Note 2, the Committee of Management has developed and commenced implementing a number of initiatives to address these conditions, including reducing staffing and operating costs, continuing member retention and recruitment initiatives, ongoing monitoring of cash flow forecasts and working capital requirements, and progressing the proposed sale and leaseback of the Association's strata title office unit located at Unit 5, 321 Kelvin Grove Road, Kelvin Grove QLD 4059. An indicative market assessment prepared by McGees Property dated 13 March 2026 provided an indicative market value range of \$1,300,000 to \$1,600,000 for the property, compared to a carrying value of \$450,759 at 31 December 2025. As at the date of this auditor's report, the property had not been formally listed for sale, no contract of sale had been executed, and no binding leaseback agreement had been entered into.

As stated in Note 1.18, these conditions indicate a material uncertainty exists that may cast significant doubt on the Association's ability to continue as a going concern. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or to the amounts and classification of liabilities that may be necessary should the Association be unable to continue as a going concern. Our opinion is not modified in respect of this matter.

Other Information

The committee of management is responsible for the other information. The other information obtained at the date of this auditor's report is in the Association's Operating Report and Officer Declaration statement for the year ended 31 December 2025 but does not include the financial report and our auditor's report thereon.

Our opinion on the financial report does not cover the other information and accordingly we do not express any form of assurance conclusion thereon. In connection with our audit of the financial report, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report, or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Committee of Management for the Financial Report

The committee of management of the Association are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting and the RO Act, and for such internal control as the committee of management determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the committee of management is responsible for assessing the ability of the Association to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the members either intend to liquidate the Association or to cease operations, or have no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Report

Our objectives are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with the Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this financial report.

As part of an audit in accordance with the Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the members.
- Conclude on the appropriateness of the members' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Association's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Association to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial report, including the disclosures, and whether the financial report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the members regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

Declaration by the Auditor

I, Mori Fathallah, declare that I am an auditor registered under the RO Act/a member of a firm where at least one member is an auditor registered under the RO Act/a member of a company where at least one of whose directors, officers or employees is an auditor registered under the RO Act. In accordance with the requirements of section 257(7) of the RO Act, I am required to describe any deficiency, failure or shortcoming in respect of the matters referred to in section 252 and 257(2) of the RO Act. No matters were raised, we have nothing to report.
